Welcome to The TRAA

As part of the new you for 2019 why not start coming out to TRAA General Meetings. That way you're up on the latest details on TRAA news, plans and events. Also note that with the New Year, it is time to renew your TRAA membership if you haven't already! As always, guests are always welcome. If you're not a member feel free to drop in and check out what the TRAA is all about. We meet at the Western Ontario Fish & Game Protective Association clubhouse at 790 Southdale Road, London Ontario.

Membership

You can become a TRAA member for a whole year for only just \$25.00. Your membership adds another voice to our efforts in protecting and enhancing aquatic habitats in the London area and community. You also get to be apart of something Important! You've had a lot of enjoyment from this unique fishery. It is time for you to give back and be apart of the solution.

[Join Us](#)

Fundraising

Donations are needed to continue many of the TRAA's vital projects such as; Improvements to the TRAA Trout Hatchery, Salmonid Mentoring Program, Salmonid Monitoring Program, and Komoka Creek Hydrological Study. Please contact us if you'd like to take an active role in raising the funds needed for these and other important TRAA activities.

[Donate](#)

Local Businesses Supporters of The TRAA

Over the past couple of years the folks at Melchers Construction Ltd have offered up their beautiful boardroom for TRAA executive meetings. It's an ideal space with all the amenities required for us to accomplish all the "behind the scenes" work of the TRAA. Many thanks go out to the continued support of Melchers Construction Ltd.

Members of the trout hatchery rotation know the woes we've had with lighting in the hatchery. Even with larger fixtures installed a few years ago, it was still frustrating on days when the mercury dipped below -15C and the fluorescent technology just teased us with its dull flicker. Enter Mike Jeffries of Guillevin Greentech in London with nice set of bright and dependable (and new!) LED fixtures. Once they were installed it was like working in well-appointed laboratory.

The TRAA voted unanimously to re-name the TRAA trout hatchery honouring Keith Wales' memory and his unselfish support of the TRAA's work in the London area, in particular Komoka Creek. Special thanks go out to Muma Manufacturing in St. Thomas for donating the beautiful laser-cut aluminum sign.

After cleaning up the area around the TRAA shed and trout hatchery, our trailer was quite full and needed to be emptied. A big 'thank you' goes out to Rick Vandersluis and Mike Seabrook of Try Recycling who allowed the TRAA to empty the trailer at their facility free of charge.

Before we could take the trailer to Try Recycling, we needed to get the spare tire for the trailer fixed. Pat Devincenzo, proprietor of Angling Sports, offered to get it repaired. Turns out the tire needed replacing and Pat took care of it. Angling Sports also supplied cards for all TRAA members that entitle them to a discount equal to the tax on anything in the store.

Thanks Pat, your generosity is greatly appreciated.

TRAA Gear is Available Now!

About The TRAA

The TRAA Works at a Grassroots Level Within the Thames River Watershed to:

- Protect, enhance and regenerate a viable, multi-species, year-round fishery.
- Promote and participate in environmental clean-up, pollution control and rehabilitation.
- Breed, relocate and stock to re-establish or augment appropriate species of fish.
- Promote environmentally sound sport fishing practices.
- Form partnerships with community businesses, government agencies, special interest groups, landowners, and other stakeholders in the Thames River watershed.
- Increase public awareness of the unique diversity of the Thames River Watershed, its challenges, its recreational opportunities and its vital importance to

In the spring of 1986 the TRAA was formed by anglers concerned with the state of the fishery in the Thames River watershed, particularly the dwindling smallmouth bass population in the North Thames River.

The TRAA is a volunteer organization, governed by a formal constitution and by-laws. An elected Executive, with the guidance of the General Membership, sets the policies and direction for the TRAA.

The TRAA is not a fishing club, although most members are anglers and share fishing as a common interest. We are a "hands on" environmental group who likes to work at a grass roots level.

The TRAA has a history of always having a core group of active members supported by those who just want to be part of the solution. Either way, every member of the TRAA is active in their advocacy for the health of the Thames River watershed and its inhabitants.
